- In the event of a student **failing the final exam and/or obtaining a global mark for the course of less than 5 and/or not having complied with the attendance policy**, he/she will have to retake the **whole** final exam on the date specified. In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

Many self-learning elements will be carried out via the Moodle platform.

In-Class:

- Theoretical and practical explanations given by the teacher.
- Reading Comprehension: Conversations and texts, with pre- and post-text comprehension and extension activities
- Listening Comprehension: Dialogues and other items (CD and video) with pre- and post-text comprehension and extension activities

- Consolidation and extension activities
- Written Expression: essays or small research assignments to practise vocabulary and linguistic structures covered in class.

Self-Access (Out of Class):

- Online self-correcting activities (Moodle).
- Readings and their corresponding activities.
- Personal study: To assimilate content effectively, students will be required to undertake a systematic review of the contents of the preceding session and be consistent in carrying out tasks set for completion out of class.

To this end, several review and consolidation tests will be posted on Moodle.

4.- Overall Assessment of the Subject

Student Assessment

To **pass** the course a student must fulfil the following conditions:

1. Obtain a **global mark** for the course of 5,0 or above.
2. Obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
3. Obtain a minimum of 50% on the **final exam**.
4. Comply with the **attendance policy**.

The **assessment system** is divided up in the following way:

			Assessed Competencies
15%	2 progress tests (one at the end of terms 1 and 2)	CONTINUOUS EVALUATION	Business Administration: CB1, CB4, CB5, CG2, CT1, CT5, CE16
15%	6 written expression activities (two completed in class)		Tourism: CB4, CT1
5%	1 oral expression activity carried out in class		Marketing: G5, T1, E12
5%	Class participation (spoken contribution and attitude)		Logistics: G1, G2, E2
			Assessed Competencies
60%	FINAL EXAM	FINAL EXAM	Business Administration: CB1, CB4, CB5, CG2, CT1, CT5, CE16
			Tourism: CB4, CT1
			Marketing: G5, T1, E12
			Logistics: G1, G2, E2
100%	FINAL COURSE MARK		

Note: In order to successfully complete the course, a student must have complied with UPF Languages' attendance policy.

The **final exam** consists of 5 parts which evaluate all four fundamental language skills:

PART	Section	Approximate Length	Mark	MINIMUM MARK TO PASS THE FINAL EXAM 50/100
Part 1	Grammar & Vocabulary	45mins	30	
Part 2	Written Expression	45mins - 1h	20	
Part 3	Listening Comprehension	max. 40mins	15	
Part 4	Written Expression	1h	15	
Part 5	Oral Expression	10mins	20	

- To **pass the final exam** the student must obtain a minimum of 50% and obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
- On assessing the student's linguistic competence in written and spoken expression, fluency, accuracy and both syntactic and lexical complexity will be taken into account. These elements will be evaluated according to the marking criteria corresponding to the language and level.
- In the event of a student **failing the final exam and/or obtaining a global mark for the course of less than 5 and/or not having complied with the attendance policy**, he/she will have to retake the **whole** final exam on the date specified. In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

The **continuous assessment mark** represents 40% of the **final mark** for the subject and is distributed as follows:

15%	2 progress tests (one at the end of term 1 and one at the end of term 2)
15%	6 written activities (two undertaken in class)
5%	1 oral expression activity carried out in class
5%	Class participation (oral contribution and attitude)

- **Progress tests:** at the end of terms 1 and 2 a progress test takes place to evaluate the knowledge gained by students up to that point. This test will last a maximum of 1.5 hours, less than the 3-hour final exam, although it will be similar in structure and format.
- **6 individual written activities:** the written activities will be assigned throughout the course following an established timetable. The hand-in dates for the activities not carried out in class will be given in advance by the teacher. The time allotted will depend on the level, word limit, complexity of the task etc.
- **1 oral expression activity carried out in class:** this activity may take the form of a presentation, a group task, an interview etc. Depending on the language and level.
- **Class participation:** Teachers will evaluate the oral participation of students and their attitude in class according to the following criteria: punctuality, participation and initiative, use of the target language, contribution to maintaining communication, implication in in-class activities and effort in carrying out assigned tasks.
- **Work out of class:** Our teaching methodology emphasizes regular work on the part of the student. This means that alongside the tasks which form part of the continuous assessment, students will be required to carry out 3 hours a week of independent learning. This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

FINAL COURSE GRADE (60% final exam + 40% continuous assessment)	
QUALITATIVE CORRESPONDENCE	
<p>The student will fail the course in any of the following cases:</p> <ul style="list-style-type: none"> • When they achieve an overall mark of 5 or less for the subject. • When they achieve less than 50% on the combined score for the two productive skills sections of the final exam (oral expression and written expression) • When they achieve less than 50 out of 100 points on the final exam. • When they have not fulfilled the attendance policy 	Fail
5,0 - 6,9	Pass
7,0 - 8,9	Very Good
9,0 - 10	Excellent

- NOTE 1: Teachers will use a numerical scale from 0 to 10 to one decimal place.

Resit Procedure

Should a student **fail the final exam or achieve an overall mark for the subject of less than 5 or not have fulfilled the attendance policy**, they will have to resit the *whole* final exam on the scheduled retake day. In this case, the continuous assessment mark (40% of the final mark for the subject) is carried over.

Attendance Policy

As language learning is a cumulative process which requires continued practice in order to assimilate knowledge and skills, class attendance is compulsory. In order to be able to pass the subject in the first sit exam period, the student must have **attended a minimum of 80%** of the class.

In exceptional cases, and for justified reasons authorized by the attendance committee, a non-attendance of more than 20% of the class is permitted providing that:

1. the absences are not greater than 40% of the course and
2. the student has established with their teacher a parallel system which allows them to continue with the course in a way which guarantees the learning process and permits appropriate assessment.

The student must submit documentation justifying absences by the end of the third term and according to the deadlines set by the attendance committee.

In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

The **continuous assessment mark** represents 40% of the **final mark** for the subject and is distributed as follows:

15%	2 progress tests (one at the end of term 1 and one at the end of term 2)
15%	6 written activities (two undertaken in class)
5%	1 oral expression activity carried out in class
5%	Class participation (oral contribution and attitude)

- **Progress tests:** at the end of terms 1 and 2 a progress test takes place to evaluate the knowledge gained by students up to that point. This test will last a maximum of 1.5 hours, less than the 3-hour final exam, although it will be similar in structure and format.
- **6 individual written activities:** the written activities will be assigned throughout the course following an established timetable. The hand-in dates for the activities not carried out in class will be given in advance by the teacher. The time allotted will depend on the level, word limit, complexity of the task etc.
- **1 oral expression activity carried out in class:** this activity may take the form of a presentation, a group task, an interview etc. Depending on the language and level.
- **Class participation:** Teachers will evaluate the oral participation of students and their attitude in class according to the following criteria: punctuality, participation and initiative, use of the target language, contribution to maintaining communication, implication in in-class activities and effort in carrying out assigned tasks.
- **Work out of class:** Our teaching methodology emphasizes regular work on the part of the student. This means that alongside the tasks which form part of the continuous assessment, students will be required to carry out 3 hours a week of independent learning. This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

FINAL COURSE GRADE (60% final exam + 40% continuous assessment)	
QUALITATIVE CORRESPONDENCE	
<p>The student will fail the course in any of the following cases:</p> <ul style="list-style-type: none"> • When they achieve an overall mark of 5 or less for the subject. • When they achieve less than 50% on the combined score for the two productive skills sections of the final exam (oral expression and written expression) • When they achieve less than 50 out of 100 points on the final exam. • When they have not fulfilled the attendance policy 	Fail
5,0 - 6,9	Pass
7,0 - 8,9	Very Good
9,0 - 10	Excellent

- NOTE 1: Teachers will use a numerical scale from 0 to 10 to one decimal place.

Resit Procedure

Should a student **fail the final exam or achieve an overall mark for the subject of less than 5 or not have fulfilled the attendance policy**, they will have to resit the *whole* final exam on the scheduled retake day. In this case, the continuous assessment mark (40% of the final mark for the subject) is carried over.

Attendance Policy

As language learning is a cumulative process which requires continued practice in order to assimilate knowledge and skills, class attendance is compulsory. In order to be able to pass the subject in the first sit exam period, the student must have **attended a minimum of 80%** of the class.

In exceptional cases, and for justified reasons authorized by the attendance committee, a non-attendance of more than 20% of the class is permitted providing that:

1. the absences are not greater than 40% of the course and
2. the student has established with their teacher a parallel system which allows them to continue with the course in a way which guarantees the learning process and permits appropriate assessment.

The student must submit documentation justifying absences by the end of the third term and according to the deadlines set by the attendance committee.

4.- Overall Assessment of the Subject

Student Assessment

To **pass** the course a student must fulfil the following conditions:

1. Obtain a **global mark** for the course of 5,0 or above.
2. Obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
3. Obtain a minimum of 50% on the **final exam**.
4. Comply with the **attendance policy**.

The **assessment system** is divided up in the following way:

			Assessed Competencies
15%	2 progress tests (one at the end of terms 1 and 2)	CONTINUOUS EVALUATION	Business Administration: CB1, CB4, CB5, CG2, CT1, CT5, CE16
15%	6 written expression activities (two completed in class)		Tourism: CB4, CT1
5%	1 oral expression activity carried out in class		Marketing: G5, T1, E12
5%	Class participation (spoken contribution and attitude)		Logistics: G1, G2, E2
60%	FINAL EXAM	FINAL EXAM	Assessed Competencies
			Business Administration: CB1, CB4, CB5, CG2, CT1, CT5, CE16
			Tourism: CB4, CT1
			Marketing: G5, T1, E12
			Logistics: G1, G2, E2
100%	FINAL COURSE MARK		

Note: In order to successfully complete the course, a student must have complied with UPF Languages' attendance policy.

The **final exam** consists of 5 parts which evaluate all four fundamental language skills:

PART	Section	Approximate Length	Mark	MINIMUM MARK TO PASS THE FINAL EXAM 50/100
Part 1	Grammar & Vocabulary	45mins	30	
Part 2	Written Expression	45mins - 1h	20	
Part 3	Listening Comprehension	max. 40mins	15	
Part 4	Written Expression	1h	15	
Part 5	Oral Expression	10mins	20	

- To **pass the final exam** the student must obtain a minimum of 50% and obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
- On assessing the student's linguistic competence in written and spoken expression, fluency, accuracy and both syntactic and lexical complexity will be taken into account. These elements will be evaluated according to the marking criteria corresponding to the language and level.
- In the event of a student **failing the final exam and/or obtaining a global mark for the course of less than 5 and/or not having complied with the attendance policy**, he/she will have to retake the **whole** final exam on the date specified. In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

The **continuous assessment mark** represents 40% of the **final mark** for the subject and is distributed as follows:

15%	2 progress tests (one at the end of term 1 and one at the end of term 2)
15%	6 written activities (two undertaken in class)
5%	1 oral expression activity carried out in class
5%	Class participation (oral contribution and attitude)

- **Progress tests:** at the end of terms 1 and 2 a progress test takes place to evaluate the knowledge gained by students up to that point. This test will last a maximum of 1.5 hours, less than the 3-hour final exam, although it will be similar in structure and format.
- **6 individual written activities:** the written activities will be assigned throughout the course following an established timetable. The hand-in dates for the activities not carried out in class will be given in advance by the teacher. The time allotted will depend on the level, word limit, complexity of the task etc.
- **1 oral expression activity carried out in class:** this activity may take the form of a presentation, a group task, an interview etc. Depending on the language and level.
- **Class participation:** Teachers will evaluate the oral participation of students and their attitude in class according to the following criteria: punctuality, participation and initiative, use of the target language, contribution to maintaining communication, implication in in-class activities and effort in carrying out assigned tasks.
- **Work out of class:** Our teaching methodology emphasizes regular work on the part of the student. This means that alongside the tasks which form part of the continuous assessment, students will be required to carry out 3 hours a week of independent learning. This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

FINAL COURSE GRADE (60% final exam + 40% continuous assessment)	
QUALITATIVE CORRESPONDENCE	
<p>The student will fail the course in any of the following cases:</p> <ul style="list-style-type: none"> • When they achieve an overall mark of 5 or less for the subject. • When they achieve less than 50% on the combined score for the two productive skills sections of the final exam (oral expression and written expression) • When they achieve less than 50 out of 100 points on the final exam. • When they have not fulfilled the attendance policy 	Fail
5,0 - 6,9	Pass
7,0 - 8,9	Very Good
9,0 - 10	Excellent

- NOTE 1: Teachers will use a numerical scale from 0 to 10 to one decimal place.

Resit Procedure

Should a student **fail the final exam or achieve an overall mark for the subject of less than 5 or not have fulfilled the attendance policy**, they will have to resit the *whole* final exam on the scheduled retake day. In this case, the continuous assessment mark (40% of the final mark for the subject) is carried over.

Attendance Policy

As language learning is a cumulative process which requires continued practice in order to assimilate knowledge and skills, class attendance is compulsory. In order to be able to pass the subject in the first sit exam period, the student must have **attended a minimum of 80%** of the class.

In exceptional cases, and for justified reasons authorized by the attendance committee, a non-attendance of more than 20% of the class is permitted providing that:

1. the absences are not greater than 40% of the course and
2. the student has established with their teacher a parallel system which allows them to continue with the course in a way which guarantees the learning process and permits appropriate assessment.

The student must submit documentation justifying absences by the end of the third term and according to the deadlines set by the attendance committee.

- On assessing the student's linguistic competence in written and spoken expression, fluency, accuracy and both syntactic and lexical complexity will be taken into account. These elements will be evaluated according to the marking criteria corresponding to the language and level.
- In the event of a student **failing the final exam and/or obtaining a global mark for the course of less than 5 and/or not having complied with the attendance policy**, he/she will have to retake the **whole** final exam on the date specified. In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

The **continuous assessment mark** represents 40% of the **final mark** for the subject and is distributed as follows:

15%	2 progress tests (one at the end of term 1 and one at the end of term 2)
15%	6 written activities (two undertaken in class)
5%	1 oral expression activity carried out in class
5%	Class participation (oral contribution and attitude)

- **Progress tests:** at the end of terms 1 and 2 a progress test takes place to evaluate the knowledge gained by students up to that point. This test will last a maximum of 1.5 hours, less than the 3-hour final exam, although it will be similar in structure and format.
- **6 individual written activities:** the written activities will be assigned throughout the course following an established timetable. The hand-in dates for the activities not carried out in class will be given in advance by the teacher. The time allotted will depend on the level, word limit, complexity of the task etc.
- **1 oral expression activity carried out in class:** this activity may take the form of a presentation, a group task, an interview etc. Depending on the language and level.
- **Class participation:** Teachers will evaluate the oral participation of students and their attitude in class according to the following criteria: punctuality, participation and initiative, use of the target language, contribution to maintaining communication, implication in in-class activities and effort in carrying out assigned tasks.
- **Work out of class:** Our teaching methodology emphasizes regular work on the part of the student. This means that alongside the tasks which form part of the continuous assessment, students will be required to carry out 3 hours a week of independent learning. This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

In exceptional cases, and for justified reasons authorized by the attendance committee, a non-attendance of more than 20% of the class is permitted providing that:

4.- Overall Assessment of the Subject

Student Assessment

To **pass** the course a student must fulfil the following conditions:

1. Obtain a **global mark** for the course of 5,0 or above.
2. Obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
3. Obtain a minimum of 50% on the **final exam**.
4. Comply with the **attendance policy**.

The **assessment system** is divided up in the following way:

			Assessed Competencies
15%	2 progress tests (one at the end of terms 1 and 2)	CONTINUOUS EVALUATION	Business Administration: CB1, CB4, CB5, CG2, CT1, CT5, CE16
15%	6 written expression activities (two completed in class)		Tourism: CB4, CT1
5%	1 oral expression activity carried out in class		Marketing: G5, T1, E12
5%	Class participation (spoken contribution and attitude)		Logistics: G1, G2, E2
60%	FINAL EXAM	FINAL EXAM	Assessed Competencies

			Logistics: G1, G2, E2
100%	FINAL COURSE MARK		

Note: In order to successfully complete the course, a student must have complied with UPF Languages' attendance policy.

The **final exam** consists of 5 parts which evaluate all four fundamental language skills:

Part 2	Written Expression	45mins - 1h	20	
Part 3	Listening Comprehension	max. 40mins	15	
Part 4	Written Expression	1h	15	
Part 5	Oral Expression	10mins	20	

- To **pass the final exam** the student must obtain a minimum of 50% and obtain a minimum of 50% on the combined mark corresponding to the two expression sections (written expression and spoken expression).
- On assessing the student's linguistic competence in written and spoken expression, fluency, accuracy and both syntactic and lexical complexity will be taken into account. These elements will be evaluated according to the marking criteria corresponding to the language and level.
- In the event of a student **failing the final exam and/or obtaining a global mark for the course of less than 5 and/or not having complied with the attendance policy**, he/she will have to retake the **whole** final exam on the date specified. In this case, the continuous assessment mark (40% of the final mark for the course) will be maintained.
- At the end of the course, after the publication of provisional marks and before the publication of definitive marks, the students will have the opportunity to attend a **final exam review** together with the course teacher or coordinator.

The **continuous assessment mark** represents 40% of the **final mark** for the subject and is distributed as follows:

15%	2 progress tests (one at the end of term 1 and one at the end of term 2)
15%	6 written activities (two undertaken in class)
5%	1 oral expression activity carried out in class
5%	Class participation (oral contribution and attitude)

- **Progress tests:** at the end of terms 1 and 2 a progress test takes place to evaluate the knowledge gained by students up to that point. This test will last a maximum of 1.5 hours, less than the 3-hour final exam, although it will be similar in structure and format.
- **6 individual written activities:** the written activities will be assigned throughout the course following an established timetable. The hand-in dates for the activities not carried out in class will be given in advance by the teacher. The time allotted will depend on the level, word limit, complexity of the task etc.
- **1 oral expression activity carried out in class:** this activity may take the form of a presentation, a group task, an interview etc. Depending on the language and level.
- **Class participation:** Teachers will evaluate the oral participation of students and their attitude in class according to the following criteria: punctuality, participation and initiative, use of the target language, contribution to maintaining communication, implication in in-class activities and effort in carrying out assigned tasks.
- **Work out of class:** Our teaching methodology emphasizes regular work on the part of the student. This means that alongside the tasks which form part of the continuous assessment, students will be required to carry out 3 hours a week of independent learning. This work will be guided by the teacher and will make extensive use of the Moodle platform.

The grading system conforms to the new European regulations (two royal decrees on the European Supplement to a degree qualification, the European Credit Transfer System and the Bologna marking system).

FINAL COURSE GRADE (60% final exam + 40% continuous assessment)	
QUALITATIVE CORRESPONDENCE	
<p>The student will fail the course in any of the following cases:</p> <ul style="list-style-type: none"> • When they achieve an overall mark of 5 or less for the subject. • When they achieve less than 50% on the combined score for the two productive skills sections of the final exam (oral expression and written expression) • When they achieve less than 50 out of 100 points on the final exam. • When they have not fulfilled the attendance policy 	Fail
5,0 - 6,9	Pass

In this case, the continuous assessment mark (40% of the final mark for the subject) is carried over.

Attendance Policy

As language learning is a cumulative process which requires continued practice in order to assimilate knowledge and skills, class attendance is compulsory. In order to be able to pass the subject in the first sit exam period, the student must have **attended a minimum of 80%** of the class.

In exceptional cases, and for justified reasons authorized by the attendance committee, a non-attendance of more than 20% of the class is permitted providing that:

1. the absences are not greater than 40% of the course and
2. the student has established with their teacher a parallel system which allows them to continue with the course in a way which guarantees the learning process and permits appropriate assessment.
