Tecnocampus Incubator Space

The TecnoCampus Incubator takes in newly created companies that have decided to establish their beginnings in a dynamic and creative business environment.

This opportunity is available to entrepreneurs with innovative and / or technology-based business projects, which have been up and running for less than a year, and who want to boost their growth with the business acceleration program throughout their three year stay in the Incubator located in the TCM2 building.

Incubator Space Services

Shared spaces

- Rest area. An open area that allows interaction with other incubators, it is also often used as a meeting space.
- Two private meeting rooms available to companies.
- Spaces for networking.
- Dining area.

Community Services

TecnoCampus Community. Participation in networking sessions, informative meetings, “business corner”, work breakfasts, afterwork get-togethers.

Communication and positioning. Presence on the TecnoCampus website as a company linked to the Park and full access to its intranet as a user of all the services provided therein.

Collaboration with the **University Talent Exchange.**

Enhanced support for **financing, internationalization, acceleration programs** and technology and innovation **park networks.**

Rental of conference spaces with the right to discounts.

Access to the TecnoCampus **car park** with preferential rates.

Incubator Space Services

Facilities

Raised flooring and suspended ceiling, electrical installations with Ackermann floor boxes, heating and air-conditioning systems.
